Situs internet relevan

Supply Chain Risk Management adalah topik paling baru dalam dunia industri, oleh karenanya masih belum ada buku teks standar berisi tentang Supply Chain Risk Management (Waters, 2007). Tentu saja, di luar sana akan banyak dijumpai bahan-bahan kajian yang mengutat tentang manajemen risiko dan makin banyak lagi yang mengangkat konsep supply chain management. Bagaimanapun, belum banyak literatur teks yang benar-benar menyajikan kedua ide ini bersama-sama. Beberapa dari banyak tulisan akademik dan jurnal professional sebagai bahan rujukan termuat di beberapa situs internet, antara lain :

www.airmic.com – The Association of insurance and Risk Managers

www.aria.org – The American Risk and Insurance Association

www.ifrima.org – International Federation of Risk and Insurance Management Associations
