23-Nov-2023

Dear Yunus, Erlinda; Ernawati, Erni

It is a pleasure to accept your manuscript IJIS-06-2023-0125.R2, entitled "Awakening the Giant Within: Turning SME's Survival Strategy into Improved Performance" in its current form for publication in International Journal of Innovation Science. Please note, no further changes can be made to your manuscript.

This email will be followed by a second message containing a copy of your author accepted manuscript (AAM) which is the version that we will typeset and publish in the journal.

Your article will now go through editorial checks by Emerald's editorial team to ensure it meets our publication standards. These checks can take up to five days; we'll be in touch if we have any queries at this stage. Once this step has been completed you will receive an email directing you to Emerald Submit to select your publishing licence and submit your article to production. If you are publishing in one of our subscription journals and wish to make your article open access you can choose this option in Emerald Submit.

If you have not received an email with editorial queries or an invitation to complete licensing on Emerald Submit within 10 working days of acceptance, please do contact the JEO (Journal Editorial Office), you can find their details on the journal homepage:

<https://www.emeraldgrouppublishing.com/journal/ijis>

Please note that it is the corresponding author who must sign the publishing licence on behalf of all authors of your article..

Once you have completed licensing on Emerald Submit, your article will enter the production process and you'll be provided with a proof. You will need to approve your proof before your article is published. If you have any queries about the proofing system you can contact the journal's Supplier Project Manager (SPM) whose contact details are on the journal homepage: <https://www.emeraldgrouppublishing.com/journal/ijis>.

By publishing in this journal your work will benefit from Emerald EarlyCite. Once the above steps are completed your article will be published online in EarlyCite. EarlyCite is the author proofed, typeset version of record, fully citable by DOI. The EarlyCite article sits outside of a journal issue and is paginated in isolation. The EarlyCite article will later be collated into a journal issue according to the journals' publication schedule.

Thank you for your contribution. On behalf of the Editors of International Journal of Innovation Science, we look forward to your continued contributions to the Journal.

Sincerely,
Dr. Brett Trusko
Editor, International Journal of Innovation Science
